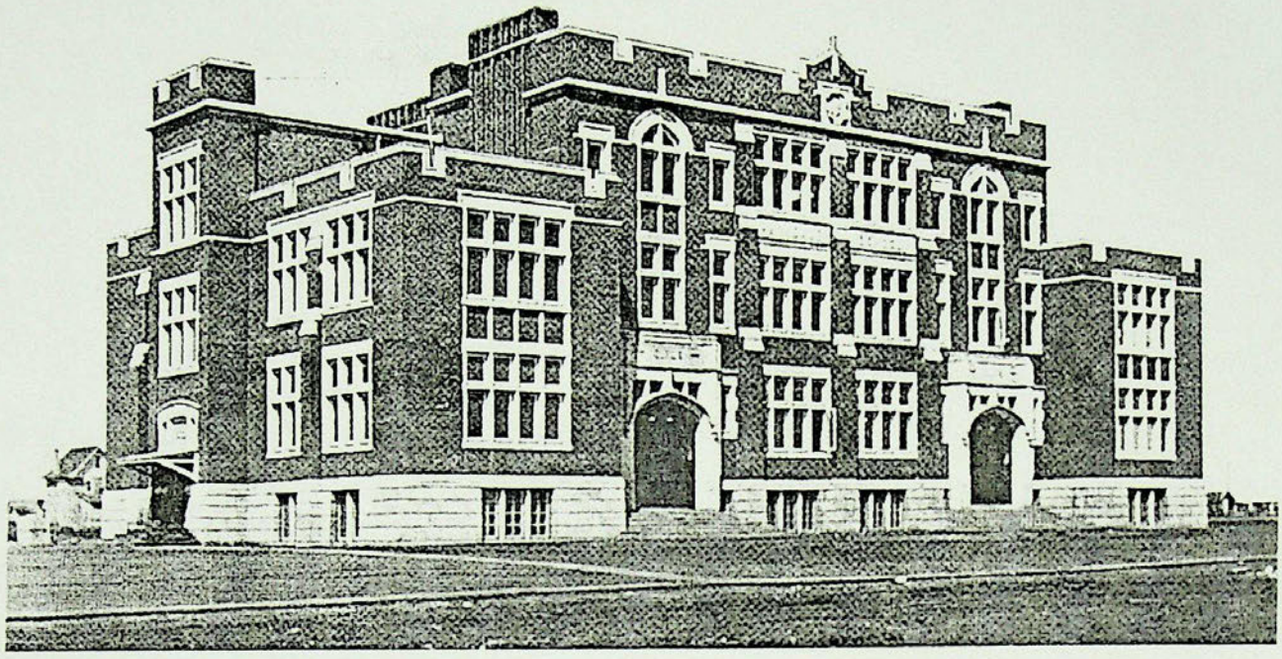
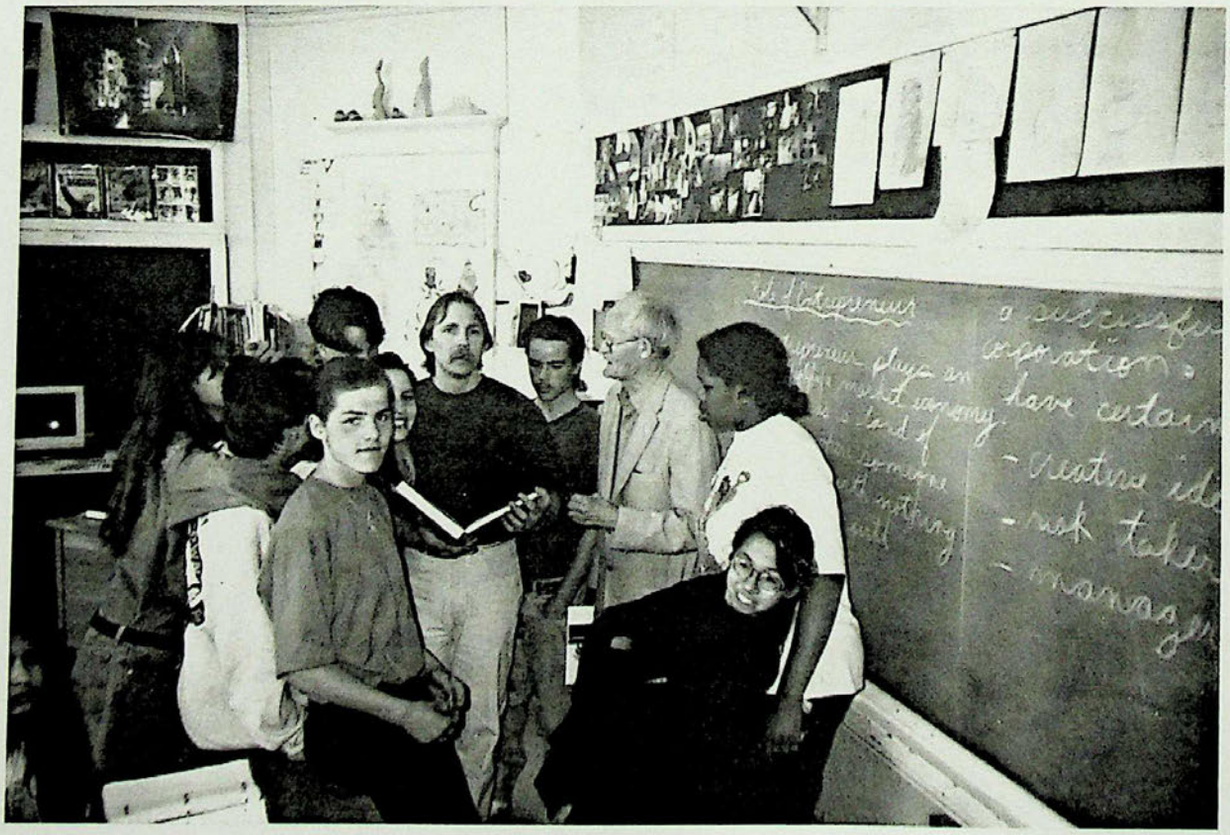
SCHOOL



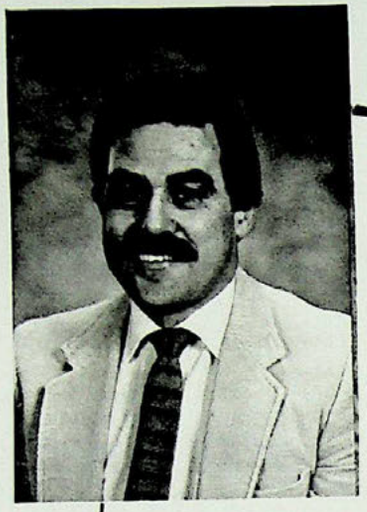
Parkdale School, 1914

Parkdale School, 1914

The school was planned to open on April 13, 1913, but it was delayed for a month due to the fire which cost more than $10,000. Between 1913 and 1919 the four room addition was added. One of the principals at Parkdael School, J.E. Somerville stayed at the school for 32 years. The Phoenix was chosen as the school mascot because it rose from ashes, and Parkdale School rose from ashes too.



PRINCIPAL'S MESSAGE



Yearbooks are a treasure which capture events, situations, and people at a special point in time. Through the excellent work by this year's Yearbook Committee, this edition will be the center of discussions for for many years to come.

This year, through the wonders of technology, we are able to provide every student with a yearbook of their own for just a fraction of the cost of yearbooks from previous years. Every student and staff member will now be able to spend hours of pleasure leafing through these pages.

Special thanks to your Yearbook Committee and to everyone who made this edition of Parkdale's annual yearbook a memorable one.

Sincerely,

[redacted]

ASST. PRINCIPAL'S MESSAGE

Dear Students,

What a great year we have had. I have seen so much positive growth in so many of you.

To the grade nine class which will be leaving us, I wish you each success in your life and as you know, in order to achieve your goals you must PRACTICE, PRACTICE, PRACTICE.

I would like to share with you the new rule I have been practicing; " I will leave everything a little bit better than I found it." Just think what a wonderful world this would be.

Sincerely,

[redacted]

PARKDALE STAFF

MISSING: Mr. Kugelstadt, Mrs. Tryon, Mr. Bonilla, Mrs. Berehulke, Miss Victoor, Mr. Semeniuk

STUDENT'S UNION PRESIDENT

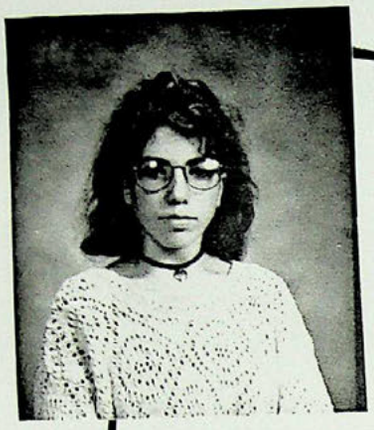
Hi, my name is Blaine Ward, and I am the President of the Student's Union for 1993/94.

I would like to thank the staff and all of the students for their support in our endeavors. Also, I would like to thank the executives on the Student's Union for their support and their confidence in other people's ideas. A great part of our success is due to the help of our advisors; Mrs. Tryon and Ms. Massey. I would like to thank them for their expertise.

I found, throughtout the year, that being the President is a big responsibility, but it was also a fun and rewarding experience. I would like to wish the next President and Student's Union luck, and hope they reach their goals, as we did.

Sincerely, [redacted]

YEAR BOOK EDITOR



Within this yearbook are the momentous actions of treasured individuals, which are carved permanently into it's pages.

As you hold this book you will feel the presence of an exclusive generation, of an authentic group of students. The pictures which you see are split seconds of happy or sad moments, allowing us to relate to them. A mental movie will be produced in your mind of all the unique situations we encountered.

Behind the process of creating this yearbook is a lot of hard work, and committment. The many people that are responsible for putting this edition of our yearbook together are warmly thanked.

I hope you enjoy our efforts.

Sincerely,

[redacted]

VALEDICTORIAN

Valedictorian Address

Ladies and Gentlemen, I am honoured to be this year's valediatorian. On behalf of the grade 9 graduating class, I would like to say farewell to all the students and staff of Parkdale. The Grade 9's, as models for other students to follow, have shown pride and commitment to learning throughout the year. I wish the best to all fellow graduates who will move on to face the challenges of tomorrow's high school years.

The Phoenix Spirit in 1994 is alive and well. Winning the City Centre Championships for volleyball, table tennis and basketball are some things that really stand out. I am extremely impressed with the sports teams that have represented the school well by showing great athletic ability and sportsmanship. Indeed it's also the support from the students who have helped us to bring home these shiny trophies. 'The Phoenix Spirit has drawn the students closer together to a common goal; that is, to uphold "Parkdale Pride".

I believe Parkdale is where it all began. There is no limit to what we can achieve if we are willing to take a step up the ladder toward success. However, without the teachers, who have been encouraging the students throughout the many hardships in this year, we could not have made it to this final moment. Thank you to all teachers for your guidance as well as your friendship, and to the staff, our deep appreciation. Finally, farewell to all my fellow graduates and good luck in high school.

[redacted]

MOTHER NATURE

I love mother nature.
  Without her I would weep.
  Without mother nature
there would not be any little bugs
with little tiny feet.
  Without mother nature
there wouldn't be any snow to
build snowmen--
or beautiful frost on my
windows.
  Mother's nice, I like
    her with glee.
  Mother nature likes
    you
      and especially bugs
          and me.

Paul Campbell
Age 9

STEGOSAURUS

I wish I had a stegosaurus,
It would be better than a dream.

Which one would I rather have:
A stegosaurus or eat
  an ice cream?

I'd rather pick a stegosaurus
It's better as can be,
All the kids would be surprised
  of little me.

I would feed it lots of plants.
I would ride on his back
(if he gives me a chance) –
and together we would be
happy
  just the dinosaur
      and me.

Shayne Martell
Age 9
Parkdale

MOTHER'S PICTURE FRAME

At home my mother has a
Picture frame that she bought
  at a store.
In it is a picture of a forest.
When I got my pictures
  from school
She put a picture of me,
  my father and my sister
  in the picture frame.
I like it because it looks nice.
